

## Freak Boy

### Chorus1

You're a freak boy  
That's what you are  
Love 'em and leave 'em tattered and scarred  
You're a freak boy  
That's what you do  
There's nothing left to feel in the wake of you

### V1

Nobody wants to be taken in  
But you open your mouth and then it begins  
So into your clutch they all fall  
Once you've got them they're yours for life  
Even though you want them just tonight  
Under your spell they all fall

### Chorus2

You're a freak boy  
That's what you are  
Love 'em and leave 'em tattered and scarred  
You're a freak boy  
That's what you do  
There's nothing left to feel in the wake of you

### V2

Nobody wants to feel the wrath of you  
But everybody wants to see what you do  
A little bit of pleasure then a lot of pain  
I'm immune to what it is you do  
I sit and watch those without a clue  
A little bit of heaven before the rain

### Chorus3&4

You're a freak boy  
That's what you are  
Love 'em and leave 'em tattered and scarred  
You're a freak boy  
That's what you do  
There's nothing left to feel in the wake of you
